

00A-0507-64

29 January 1964

MEMORANDUM FOR: Chief, SS/OEA/DMS & T

SUBJECT: Proposed Publication of an Article  
on the Use of Panoramic Cameras

1. This memorandum contains a recommendation for your approval in paragraph 5.

2. During the course of a security survey of the [redacted] Alexandria, Virginia, conducted by [redacted] of this staff on 27 January 1964 the attached draft was presented by [redacted] for our security appraisal.

3. The subject material is a draft of a paper addressing itself to the use of panoramic cameras in aerial photography. The paper was prepared by [redacted], formerly of the [redacted] but now employed by Itek, at the request of [redacted] who is an officer in the Society of Photogrammetry. If approved, the article will appear in a near future edition of the Manual of Photogrammetry (New Edition), an open professional publication.

4. The subject draft was presented to [redacted] D/Tech/OEA for his review and recommendation. In a memorandum dated 28 January 1964 directed to C/SS/OEA [redacted] indicated that he found nothing in the article which would compromise any existing OGA program.

5. The subject article was also reviewed by [redacted] and [redacted] of this staff and both concur in judgment. Therefore, it is recommended that the draft, as presented, be approved for publication and that [redacted] of [redacted] be so advised.
